the essential collection of decorative finishes

nicky epstein

author of *Knitting On the Edge* and *Knitting Over the Edge*

In this third installment of her smash edgings series, Nicky Epstein outdoes herself again, designing decorative finishes for any type of garment. Like its predecessors, *Knitting Beyond the Edge* explores new, fertile territory, this time focusing on cuffs and collars using stitch patterns, lace, ribs, and cords in a variety of styles; closures that include unusual buttonhole treatments, I-cord frogs, and button bands; corners and angles with unique stitch patterns and shapings; and new ways to use knit leaves, bobbles, flowers, and purchased pieces such as trims and buttons as embellishments.

As with the other two books in the series, each of the more than 150 swatches is accompanied by detailed, step-by-step instructions. Additionally, each chapter features a beautiful, one-of-a-kind fashion garment. Both novice knitters and longtime fans of Nicky will relish this masterful collection!

One of today's hottest knitwear designers, Nicky Epstein has gained nationwide recognition for her distinctive and innovative work and informative workshops. She has authored numerous books, including *Knitting On the Edge*, *Knitting Over the Edge*, and *Nicky Epstein's Knitted Flowers*. Her designs have also been featured in many knitting publications, including *Vogue® Knitting*, as well as on television.
