# Creative Paper Jewelry

EARRINGS, PENDANTS, BEADS & PINS

DAFNA YAROM

With 20 stunning designs and complete step-by-step instructions, *Creative Paper Jewelry* allows you to make your own exquisite jewelry from the humblest of materials. What's more, many of these projects use items crafters probably already have around the house, such as decorative cocktail napkins, paper scraps and cast-off bits of jewelry. By transforming paper with paints and other materials and combining it with wire, beads, and ornaments, crafters of all skill levels can create one-of-a-kind jewelry to fit any mood, from delicate brooches to chunky necklaces to whimsical earrings. Author Dafna Yarom also teaches readers about the process of papermaking, different kinds of paper, the tools needed to work with paper and basic techniques that go into making jewelry.

**Projects include:**

- Versatile necklaces featuring handmade beads and shells made from paper pulp
- Striking pendants crafted from colorful photographs, napkins and other recycled papers
- Dazzling beaded earrings with the appearance of semiprecious stones
- Eye-catching brooches and pins formed from lovely origami and washi papers
- And many more!
