# NICKY EPSTEIN

## Knitting a Kiss in Every Stitch

Creating gifts for the people you love

It feels good to give—especially when the gift is one that comes from both the hands and the heart. In *Knitting a Kiss in Every Stitch*, award-winning designer Nicky Epstein puts her needles—and her boundless energy—to work on a one-of-a-kind collection of more than 35 gorgeous gifts for every occasion. From cuddly blankets and baby togs to cool caps for teens and tweens, to cozy socks and mittens and artful accessories, there's a project for every taste and skill level.

Easy-to-follow instructions and detailed photographs accompany each project, and there's even a comprehensive list of charities that will gratefully accept handcrafted items. Share the love.

#### Projects include:

- Adorable kids caps in whimsical kitty, plane, car and knitting angel motifs.
- A roomy tote beautifully adorned with textural cables and leaves.
- A colorful patchwork afghan perfect for a group project.
- A cozy boyfriend scarf in three variations.
- Edgy skullcaps and “bad boy” bedsocks.
