# KNITTING COLOR

Design Inspiration from Around the World

**Brandon Mably**

of the Kaffe Fassett Studio

Introduction by Kaffe Fassett

Discover a brilliant new world of color through the eyes of one of the world's most creative knitwear designers! In *Knitting Color*, Brandon Mably draws on his travels to the furthest corners of the globe to capture the color schemes and natural patterns of the places that inspired him the most.

A detailed color workshop, inspired by Mably's enormously successful "Color in Design" classes, shows readers how to create one-of-a-kind color combinations by looking at color in new ways. Mably also presents twenty original patterns that evoke dazzling natural beauty and exotic locales. Each garment is paired with a travel essay on the country that inspired it, as well as travel photographs from Mably's personal archive. See how a bus stop in South Africa, playfully painted by schoolchildren, translates into a vibrant knitted design; how rice paddies in Vietnam morph into a beautiful vest; and how weavers in India inspire a gorgeous multicolor wrap. Soon you will be seeing the world around you in a whole new light!
