We are proud to launch the new Chris Hart Books imprint with three unique publications:

- Manga Mania™ Chibi Sketchbook
- Manga Mania™ Shoujo Sketchbook
- Manga Mania™ Fantasy Sketchbook

Each of these colorful books includes 12 pages of all-new art and detailed how-to-draw information to help young artists master their chosen manga form—chibi, shoujo or fantasy.

Chibi: an adorable anime genre with tiny, wide-eyed characters

Shoujo: A teen romance genre, in which characters sport popular hairstyles and stylish outfits

Fantasy: An imaginative, embellished style featuring girl and boy knights and warriors, magical girls, faeries, a vampire lady, and friendly manga monsters—even a magic unicorn!

There's also plus plenty of room—132 pages of high-quality, archival drawing paper—to practice and create. With its beautiful original art, glossy cover, and bright-colored ribbon marker, each sketchbook will appeal to preteen and teen fans of its specific anime genre.

Teens and 'tweens are sure to find these blank books inspiring--a real spur to creativity.

Chris Hart is a star in the drawing book world. He is the author of the mega-selling *Manga Mania: How to Draw Japanese Comics* and numerous other bestsellers, the recipient of several American Library Association awards, and the subject of features in numerous periodicals, including *American Artist* and *Publishers Weekly*.
