# NORO

MEET THE MAN BEHIND THE LEGENDARY YARN  
**KNIT 40 FABULOUS DESIGNS**

Noro yarns are among the hottest on today's ever-growing hand knitting market. Traveling to Japan for a rare peek at the life and work of the man behind this best-selling brand, NORO offers insight into the makings of the yarn, along with 40 stunning projects to knit and wear. From colorful hats, scarves and bags to cardigans, pullovers and throws, each design utilizes the unique properties of Noro yarns to create a one-of-a-kind fashion statement.

Offering both a behind-the-scenes look at how this fabulous yarn is made and a user-friendly showcase of patterns for knitters of every skill level, NORO is a gorgeous guide to what can be done with the colorful fibers that have captivated knitters for more than two decades.

#### Projects include:

- A patchwork sweater in dazzling jewel tones.
- Three colorful matching hat and scarf sets.
- Fun and flirty "origami" bags.
- A chic kimono-inspired pullover.
- A lush and lovely color-blocked throw.

**Cornelia Tuttle Hamilton** is an expert on knitting with Noro yarns and has published many books and patterns featuring Noro and other yarns. A native New Yorker, she has lived in Sweden for 25 years.
